Professional Summary

Senior Software Engineer with 12+ years of experience in iOS application development using Swift and Objective-C. Experienced in building enterprise, healthcare, education, restaurant order management and real-time communication applications. Strong background in mobile architecture (MVC, MVVM), REST API integration, performance optimization, and asynchronous programming. Currently managing a family-owned pharmaceutical business while continuously enhancing software engineering skills and expanding expertise in Python for automation, object-oriented programming, problem solving, and future AI-focused application development. Open to remote, hybrid, and on-site opportunities.

Core Competencies

- iOS Application Development
- Swift, Objective-C, Python
- MVC, MVVM
- REST APIs, URLSession, Alamofire
- Core Data, SQLite
- async/await, GCD
- UIKit, SwiftUI (Foundational)
- Cocos2D
- Basic understanding of Combine Framework
- Git, Xcode, TestFlight, App Store Connect, XCTest

Professional Experience

Freelance iOS Developer & Business Operations – HindTechGroup (Feb 2022 – Present)

- Continued freelance iOS development and technical learning.
- Expanded skills in Python (Automation, OOP & Problem Solving).
- Manage operations of a family-owned pharmaceutical distribution business.
- Focused on software engineering fundamentals and AI-oriented learning.

Senior iOS Developer – Etimad Pvt. Ltd., Abu Dhabi (Feb 2015 – Feb 2021)

- Developed and maintained scalable iOS applications.
- Integrated REST APIs and optimized application performance.
- Collaborated in Agile teams and delivered production-ready features.

iOS Developer – Indecomm Global Services Pvt. Ltd., Pune (Dec 2013 – Feb 2015)

- Developed and maintained scalable iOS applications.
- Integrated REST APIs and optimized application performance.
- Collaborated in Agile teams and delivered production-ready features.

Software Engineer – IT Gurus Software Pvt. Ltd., Pune (Jan 2013 – Dec 2013)

- Developed and maintained scalable iOS applications.
- Integrated REST APIs and optimized application performance.
- Collaborated in Agile teams and delivered production-ready features.

Junior Software Engineer – TechNex Technologies Pvt. Ltd., Pune (May 2011 – Dec 2012)

- Developed and maintained scalable iOS applications.
- Integrated REST APIs and optimized application performance.
- Collaborated in Agile teams and delivered production-ready features.

Selected Project Highlights

- Enterprise Business Application
- Healthcare / Medical Application
- Education & E-Learning Application
- Real-Time Chat Application
- Restaurant Order Management System (Digital ordering with direct kitchen workflow)
- Puzzle Game – Shoe Lace (Cocos2D)
- Puzzle Game – Honey Bee (Cocos2D)

Achievements

- Delivered 10+ production iOS applications.
- Improved application performance through optimization and efficient networking.
- Worked across enterprise, healthcare, restaurant, education and gaming domains.

Education

Master of Computer Applications (MCA)
S.R.T.M. University, Nanded
